+91 9372560766 | ✉ [mahiraryf@gmail.com](mailto:mahiraryf@gmail.com) | [LinkedIn Profile](#) | [Portfolio](#)

## Technical Skills

---

Programming Languages: HTML, CSS, JavaScript, NodeJS (Express.js) Java, Python

Frameworks/Technologies: React, Next.js, Tailwind CSS, SASS, Bootstrap

Tools: Git, GitHub, Figma

Databases: MySQL, MongoDB

## Professional Experience

---

### Frontend Developer Intern – Gray Matrix

Feb 2025 – May 2025 (3 Months)

- Collaborated with a team of developers to optimize and enhance frontend performance for web applications.
- Built reusable UI components using React.js, SASS and JavaScript, contributing to faster development cycles.
- Improved accessibility and cross-device compatibility, achieving responsive layouts across mobile, tablet, and desktop.
- Developed intuitive UIs for **PNB AI BotSite**, an AI-powered customer service interface, and **TalkktoDocs**, a tool that summarizes documents-both optimized for speed and usability.

## Projects/Personal Experience

---

### Personal Portfolio

Sept-2024

- Designed and developed a visually appealing portfolio to showcase my skills, education, certifications, and projects.
- Implemented various technologies, including animations using Framer Motion, email functionality with Resend, and ensured optimal routing and responsiveness across devices.
- **Skills used:** Next.js, Typescript, React, Tailwind CSS, Framer Motion, Vercel

### Bookstack Web

July-2024

- Developed a website for purchasing books that includes features such as user authentication, access to specific pages upon login, responsiveness, and a toggle between dark and light modes, utilizing React and Vite.
- Integrated MongoDB as the database for users and books data.
- The backend was implemented using Node.js and Express.

### Online Quiz Web Application

Aug -2023

- Developed a comprehensive website using PHP to deliver an interactive quiz experience for users.
- Worked with a team using technologies like HTML, CSS, JavaScript, PHP and MySQL.
